HAVENS NOT TO RUN AGAIN.

Says He Won't Accept Renomination to Congress.

"I stated before the nomination for representative in congress was offered to me that I would take it on condition that if I made the canvass it would be regarded as enough for me to do, whether elected or defeated. I also stated on the platform that, if elected, I would not accept a renomination. I regard that as a pledge and I will keep it."

RATE INCREASES SUSPENDED.

Commerce Commission Orders Advances Held Up Until Feb. 6.

Washington, Oct. 5.—Proposed advances in rates on westbound traffic from eastern points, which were to have become effective on Oct. 10, were suspended by order of the interstate commerce commission until Feb. 6 next.

The schedule filed in these cases contemplated an increase of from 5 to 25 per cent on furniture, lumber, staves, cement and other commodities. Approximately 500 railroads, operating in nearly every section, are affected by the commission's order.

Testimony in Assault Case Was Improperly Excluded.

Trenton, N. J., Oct. 5.—Because certain testimony was improperly excluded at the trial the supreme court has set aside the conviction of George Caultne of Elizabeth, who was sentenced to two years in state prison for assaulting Marie Malone, a girl below the age of sixteen.

The girl testified that two weeks after the assault she told the chief of police of Elizabeth. The defendant called Mary Dealy, another girl, to show that this statement was not true. Judge Atwater ruled out the testimony. Chief Justice Gummere held that it should have been admitted.

WHIPPLE RESIGNS

Hughes Announces Retirement of Commissioner.

IS RESULT OF AN INQUIRY.

John H. Inman, Examiner of Land Titles, and Frank D. Bell Also to Retire—Only Man in Department Praised is Ellis T. Staley.

Albany, N. Y., Oct. 5.—Governor Hughes has announced the resignations of James S. Whipple, state forest, fish and game commissioner, and of his special counsel, Frank D. Bell. Mr. Whipple's salary was \$6,000. His term would not have expired until April 11, 1911. Mr. Bell's salary was \$7,500, and he was appointed a year ago.

Governor Hughes before he retires from office will name a new commissioner, and he in turn will appoint a new chief counsel for the department to succeed John K. Ward of Salamanca, who gets a salary of \$4,500 and who is to resign.

John H. Inman of Salamanca, whose salary was \$4,000 as an examiner of Adirondack land titles for Mr. Whipple and the state forest preserve land board, also is to resign. In fact, the only man connected with Mr. Whipple's legal department whose work is commended is Ellis J. Staley of Albany.

All of these resignations result from a report filed with Governor Hughes by Roger P. Clark of Binghamton and District Attorney H. Leroy Austin of Green county, appointed last February to look into Mr. Whipple's administration of his department and to inquire into the purchase of Adirondack lands by the state forest preserve land purchasing board.

EAGER TO BE SENTENCED.

Cashier Who Embezzled Will Have to Be Indicted First.

Auburn, N. Y., Oct. 5.—J. Howard Lowery, the assistant cashier who fled from Utica after embezzling \$115,000 from the City National bank and lost all in the stock market and whose capture was effected through his sweetheart, Bessie Sanderson, who innocently betrayed him by communicating with him in Philadelphia, where he was in concealment, was arraigned before United States Judge Ray and, admitting his guilt, asked that his punishment be speedily meted out to him.

He was kept with a batch of other prisoners, however, and will have to be indicted before further action is taken.

PRENTICE CHOSEN CHAIRMAN.

Former Assemblyman Will Head State Republican Committee.

New York, Oct. 5.—Ezra Parmelee Prentice, ex-member of the assembly and at present deputy attorney general of the state, has been unanimously chosen chairman of the Republican state committee to succeed Timothy L. Woodruff, who had held the position since 1906.

The committee was called to order by Lafayette B. Gleason, its secretary, who at once called for nominations for state chairman. Lloyd C. Griscom thereupon arose and placed Prentice in nomination. As he sat down William Barnes, Jr., of Albany got to his feet and said:

"It gives me particular pleasure to second the nomination of Mr. Prentice because of his known opposition to direct nominations."

Mr. Gleason was re-elected secretary.

PROHIBITION CONVENTION.

More Than a Thousand Delegates Attending Party Meeting in Cortland.

Cortland, N. Y., Oct. 5.—More than a thousand delegates are attending the state convention of the Prohibition party here. The Rev. Facler G. Zourcher of East Aurora called the delegates to order. George E. Stockwell of Fort Plain was chosen temporary chairman.

In his speech he attacked both the Republican and Democratic parties. His only word of commendation was for that part of the Democratic platform which condemned the political misdeeds recently exposed by the legislative investigations. He said that President Taft got his first idea of a tariff commission from the Prohibition platform, and that Governor Hughes drew his first idea of direct primaries from the same source.

TIME TO PLANT TREES.

The following information given by Prof. H. A. Surface, state zoologist, Harrisburg, to a Supreme court justice, will be of interest to all who intend to plant fruit trees.

"I can say that I am certain from experience, observation and study, that it is best to plant the home fruits or apple, pear and quince in the fall of the year. This, of course, should be done late in fall, and care should be taken to use trees that were matured in the nursery rather than those from which the leaves had been stripped while yet green and thrifty. I would prefer trees from which the leaves dropped naturally.

"The stone fruits are best planted in the early spring, if the soil is in proper condition and the planting well done. By this I mean, that one should avoid planting when the soil is wet that it will cake or pack around the roots of the trees, which is liable to be the result of very early spring planting.

"If trees be kept dormant when in storage, they can be planted very late in the spring, but the chief objection to this is, their lack of growth during their shortened summer. In the fall one has more time, the soil is in better condition, and the planting can generally be done with more care than in the spring time. The date of spring planting does not depend so much upon the condition of other trees in the vicinity or plants of the spring as upon the condition of the trees planted as to dormancy. It should be a truly dormant tree, or, in other words, one in which growth has not started."

MAY CUT PRINT PAPER AGAIN

Tariff Board Looking Into the Cost of the Material.

Washington, Oct. 5.—There is a probability that congress will be asked at the coming session to consider the print paper schedule of the tariff law with a view to its revision.

The inquiry into the print paper industry instituted for the purpose of determining the cost of manufacture will be completed early in the winter. The facts will then be laid before the president. It will be for him to determine whether the report shall be submitted to congress.

A few days ago one of the attendants saw the woman swallow a small teaspoon. Medical assistance was summoned, but the patient died in a short time. All but one of the spoons bore the asylum mark.

Tried Nature's Sweet Restorer.

The late Bishop Foss once visited a Philadelphia physician for some trifling ailment. "Do you, sir," the doctor asked, in the course of his examination, "talk in your sleep?" "No, sir," answered the bishop. "I talk in other people's. Aren't you aware that I am a divine?"—Everybody's Magazine.
